

TWIST

The TWIST's graceful, minimalist design, with its subtle suggestions of art deco, recalls elements of the past while being firmly rooted in today's look. Its thoroughly modern performance includes a motion sensor, smooth dimming and three distinct shades of light to match a user's lighting needs day or night.

Features

- Dense Matrix LED™ technology
- Three color temperatures: 2700K, 4000K and 5500K
- Smooth dimming capability
- Motion sensor turns light on when activated
- Sensor can be deactivated
- Light shuts off after 15 minutes of room inactivity

Specifications

Power Consumption	13 W Max
Lumens / Watt	2700K : 40 Lumen/Watt 4000K : 43 Lumen/Watt 5500K : 44 Lumen/Watt
Input Voltage	24 VDC ± 5%
Power Supply	100-240 VAC 50-60 Hz (Input) 24 VDC, 1 A, 24 W (Output)

Photometric Data

Intensity Setting	Position	Intensity (fc)		
		5500K	4000K	2700K
High	Center	129	116	89
	3.5"	119	105	82
	10"	91	72	65
Medium	Center	77	88	62
	3.5"	72	80	56
	10"	40	43	32
Low	Center	41	41	31
	3.5"	37	37	28
	10"	21	20	16

Total Luminous Flux

Total Luminous Flux Max Intensity Settings (lm)		
5500K	4000K	2700K
539	508	450
